Dear Valued Customer,

Newdeal SAS, a company of Integra LifeSciences, has identified, through an internal evaluation, the possibility of sealing defect for HINTEGRA® Screws and HINTEGRA® SENSITIVE Screws packaging. The defect is a non-homogeneous seal or insufficient sealing width and if it were not completely sealed, the sterility of the packaging or the device itself could be compromised.

Loss of sterility may result in a wound infection that is significant but reversible, requiring intervention beyond standard-of-care. The package defect might not be easily detectable upon visual inspection prior to use but an adverse health consequence is unlikely to occur based on our health hazard evaluation.

The review of the available clinical data on the plates HINTEGRA® Screws and HINTEGRA® SENSITIVE Screws does not raise an abnormal infection rate, consequently no specific follow up for patient implanted is required.

We are notifying you of this recall as our records indicate that you have been supplied with **devices listed in annex 1.**

We kindly ask you to examine your inventory to determine if you have affected devices listed in annex 1, please quarantine them.

We also kindly ask you to contact the final customers who may have the affected products and provide them with this letter. If they have affected product, they have to stop using them immediately and remove them from service.

Once the audit of your inventory and your final customers' inventory achieved, please sign and return the "Recall acknowledgment and Return Form" enclosed, by which you confirm that you have received this Recall notification and you intend to fully comply with this Recall notification.

With this form, you will ensure that all the devices affected will be sent back including those already shipped to your customers. You also confirm that this notification has been forwarded to every concerned customer.

Integra Customer Service will contact you upon receipt of this information to organize the return of the concerned products (Return Merchandise Authorization number assignment).
